Microsoft Surfaces Windows 10 has arrived. Pre-installed on new PCs, the operating system is downloaded to users Windows 10 is a big deal. And part of that is because it completely replaces Windows 7 and Windows 8.1. One way Microsoft is differentiating Windows 10 from the previous two is its presentation: the new system's tile-based interface and its rearranging of the user interface, called Continuum. Finally, the operating system includes a UI that is a bit more unified and closer to the traditional Windows aesthetic, and a system of hardware features that makes it easier to adjust your laptop screen to a variety of user Asus Transformer Book T100HA T100HDT - 8. 9 Inches, 1366x768pixels.
