## **Elden Ring Features Key:**

**Lands Between:** Explore the Lands Between freely, where the river flows from the east to the west and the

---

mountain range lies to the north. In the Lands Between, you can explore vast fields and numerous huge dungeons that intertwine, giving a sense of the great scale of the game. In addition to exploring, you can level up your equipment, create and compose magic, or invest gold to unlock new weapons and magic.

**Elden Lord:** Once you gain the necessary experience, make alliances with other players to become an Elden Lord.

## Fantasy settings:

- **Lands Between:** A region where the river flows from east to west. This region is where you can explore freely. This is the fantasy setting for the main fantasy game, where you won't find typical fantasy elements as dragons and elves. However, this region has become a dangerous battleground with many thoughts from other worlds stuck here. Since the resource and knowledge are scarce here, it becomes a busy shipping area.
- **Shadow Ruins:** Under the ruins of an ancient elven kingdom, there exists a secret that must not be discovered. There, the ruins of an old, forgotten hope reside...

## Features explained:

- **MULTIPLAYER-** You can battle with either the human or the AI player while helping each other. With up to four players, join together in different team types, and fight for a total of 30 players.
- **SINGLE PLAYER-** A single player mode allows you to travel alone and battle the game. While the single player mode allows for free movement, you cannot join with other players. You can accumulate skill points and equipment data, and battle to complete levels.
- **CUSTOMIZABLE CHARACTER**
- **FREELY DESIGNABLE MAP**
- **GRAPHIC & AUDIO ARTWORK**
- **FULL MOBILE ULTIMATE**
- **NO ROAMING POINTS**
- **NOVEL CHARACTERS**

RPG Combat through Tactical Movement Dynamic, Real-time Action with Respect for RPG Features ● Turn-based Battle You directly control your character and can use any kind of weapon and armor that you obtained in the game. During real-time battles, you can freely move your character to attack your opponent, intercept, and parry attacks. A fight can range from one-on-one to multiple enemies being involved. ● Combat Analysis Screen By using a special visualizing-type analysis tool, you can calculate the damage of attacks, or the combination of attacks, with ease. The screen is divided into six sectors, allowing you to view each sector as you like, and there are also buttons to analyze the display in a format that is easy to see. While you are examining, you can rewind up to 5 seconds, or analyze the attack just from the beginning. \*This screen does not replace the turn-based battle system. ● Real-time Battles By pressing the battle button, you can set your character into battle with an enemy. The chosen attack mode will be displayed in the notification bubble. Choose your character's attack type and attack the enemy with a single button. ● Various Forms of Attacks You can freely set the character's attack type and attack an opponent in a wide variety of ways. Select attack type to view the various attack types that you can use. You can also freely select an attack method when in battle. ● Parry/Intercept/Block You can block an attack that is coming at you by pressing the block button. This counterattack is a free attack that you can execute using left and right mouse clicks. When you hold down the block button, it will cancel the attack that is coming at you, and you can attack the character during the period that it was blocked, even when it was partially blocked. When performing a counterattack, you can also perform a double-counterattack by holding the block button. ● Time-Dependent Abnormal Status Adjust the time of abnormal status of each weapon type. You can increase your attack speed by using weapons that give high status. This status will disappear when you perform a counterattack. ● Sword Mastery and Shield Mastery When you raise the status of your sword or shield, the strength of an attack that deals physical damage will increase. When you reduce the status of
