A compact village just outside... A compact village just outside the northern forest where the Wretched isle was built; and beyond that, in the distance, a low haze of smoke. On the grassy land of this town, there are people looking up with an air of anxiety, and staring at the town walls with a feeling of fear. The people of this village tell a story of themselves, how horrible the things they saw when they dared to look up
HEEEIIIIYAAAAAAAAAAAAH!!! They suddenly gasped, "What's that flying towards our village!!!" "There's something coming. It's flying. It's coming." When the people of this town had seen a flying object flying towards our village; It's a huge dark object, and it's flying ridiculously fast. Like a person in a nightmare state. They're trying to pin the object down. "There's a big something coming." "What is it?" "it's coming inside our town." "What is it?" "Flying towards our village." It's an object that makes the people feel uncomfortable. They weren't sure what was coming. As they had seen the object, the object itself started to speak, "AAAAAAAAAHHHHHHHHHHHHHHHHHHHH!!!!!!!"
..... Well, the object flew over the village. When it was last, a happy family with their little children was eating their dinner. But this time, the object flew over the houses of the town, and it was terrifying. It was a dark shadow, and it terrified and scared the people of the village. As you and a group of adventurers made a short jump from the skies, you hear the people: "AAAHHHHHHHH
